- *What is the one thing that destroys your relationships?
- *Causes you stress, anxiety and depression?
- *Keeps you stuck in losses of the past?
- *Ruins your motivation?
- *Keeps you from achieving your goals?

The painful experiences of our past clearly have an effect upon our present—but to what degree and why?

Dianetics enables you to be your best: confident, rational, productive and creative. In other words, you can be *yourself*—free to enjoy life and reach your full potential. That is the goal of Dianetics.
